

A message from CEO

Welcome to Innovative Tool & Design, Corp.

We at Innovative, have a desire to be more than just good, but a burning ambition to be one of the best.

Our goal is to produce high quality metal stampings, rubber, plastic products and welding assemblies, by means of excellent technical know-how, innovative production techniques, and a pronounced commitment towards economy and quality. Our guidelines are defined.

Our management is committed, with our continuous improvement policy and our commitment to meet and/or exceed our customer's expectations. We strive to be a world class metal stamping and assembly manufacturer. We would be pleased to provide quality products and assemblies, to your specifications.

Innovative Tool and Design is committed to provide our employees opportunities for continuous improvement and training with emphasis on safety, quality, outstanding customer service, and on-time delivery. We believe that a well-trained, committed workforce, working together towards a common goal is a company's most valuable asset.

Thank you, for your interest in Innovative Tool & Design Corp. We look forward to putting our expertise, at your service.

Marvin Quezada
CEO & President
